The nurturing and restorative properties of the bush inspired the construction of St Hannah's, which was affectionately named after Judy Burley's much-loved, great aunt Hannah, who also had breast cancer. This luxurious, architecturally designed home for two mirrors that of Bramare, using Eco-friendly materials of rammed earth, wood and glass that blend into the natural landscape. St Hannah's shares a 'Zen' like courtyard which separates it from a sister property, named St Jude's. Enter through the heavy, wooden door and enjoy the clever open-plan space that feels private and cosy, almost as though you have been cut off from the world. This simple, light-filled retreat has been designed for comfort and relaxation, it features an open fire and floor to ceiling windows that frame the views of the surrounding National Park, offering a place to relax and unwind.

Located within the Mandurang Valley on the outskirts of Bendigo in Central Victoria, St Hannah's is nestled on the edge of the State Forest just ten minutes away from the historic city of Bendigo, regional Victoria's cultural hub. Ideally suited to those who are looking to enjoy the sanctuary of nature a short distance from the hustle and bustle of regional city life.
